

HKAL English Oral Workshop (Intensive)

Dear Parents,

The results that students attain in the 'Use of English' component of the HKALE heavily determine their eligibility for consideration at the most desirable of universities and degree courses. To prepare candidates with the confidence and skills to hone their competitive edge, FirstClass Academy is pleased to offer an HKAL English Oral Intensive Course, targeting current Form 7 students.

In a small group setting, this course offers students personal instruction and intensive training on four sections of the paper; Listening, Writing, Reading & Language Systems, and Practical Skills for Work and Study. Exclusive sample answers of previous grade 'A' candidates will be examined, and skills to secure personal grade targets will be discussed.

Guidance will be provided by our experienced instructor (100% of her students have scored grade C or above in the past two years), and students' performance will be objectively marked and assessed according to the HKEA marking scheme.

An AS-Level Use of English Oral Workshop will also be offered before the Oral exam in May 2010. Both new and existing FirstClass Academy students are welcome to attend. For more information or general inquiries, please email help@firstclass.com.hk and state the Subject as "HKAL English Oral Workshop".

Thank you for your kind consideration.

Best Regards,
Jamie Ku, Instructor
