

## HKDSE Liberal Studies Workshop

Dear Parents,

FirstClass Academy is pleased to announce the commencement of Liberal Studies Workshops in order to help equip student's writing and Independent thinking skills to best meet the requirements of the New Senior Secondary Curriculum.

Conducted by a full qualified instructor, these workshops are designed to equip students with research, critical analysis of texts, formulating and organizing of ideas as well as writing skills.

Students will be taught how to approach a typical liberal study text in order to understanding its meaning and will be guided through the skills needed to successfully meet the requirements of this subject.

Areas explored in depth include text introduction, how to approach a text, deriving key points, independent/alternative thinking, and writing a response.

These skills are shared in order to empower students with a practical working knowledge of Independent Thinking and are applicable to all levels of schooling.

Both new and existing FirstClass Academy students are welcome to attend. For more information or general inquiries, please email [help@firstclass.com.hk](mailto:help@firstclass.com.hk) and state the Subject as "HKDSE Liberal Studies".

Best Regards,  
Keith McMullen, Instructor
